Section I Incoming Population

A. Incarcerated Defendants - Initial Arrest on a Case

1. Number of defendants arrested in the reporting month by arrest event

Defendants arrested more than once in the same month are counted for each separate arrest event.

B. Bond Activity

Tables 1-4 reflect bonding activity for defendants with an initial arrest in the reporting month (Section I.A). Only bonds posted in the reporting month through the last day of the next month are reflected in the tables. Defendants incarcerated past the last day of the next month before posting bond are not captured. Only the bond attached to the initial arrest and release is reported. Defendants who subsequently have a warrant issued after the initial arrest (i.e., failure to appear, bond revocation) are not included in Section I.A or in Section I.B.

* If a defendant has multiple cases then the sum of the bail amount of all the cases and the sum of all bonds posted will determine in which category the defendant is counted. The original bail amount set at filing may not be the same as the bail amount posted. For instance, 88888888 is a bail amount set at filing for certain offenses until a judge or magistrate can determine appropriate bail.

B. Bond Activity

Tables 1-4 reflect bonding activity for defendants with an initial arrest in the reporting month (Section I.A). Only bonds posted in the reporting month through the last day of the next month are reflected in the tables. Defendants incarcerated past the last day of the next month before posting bond are not captured. Only the bond attached to the initial arrest and release is reported. Defendants who subsequently have a warrant issued after the initial arrest (i.e., failure to appear, bond revocation) are not included in Section I.A or in Section I.B.

* If a defendant has multiple cases then the sum of the bail amount of all the cases and the sum of all bonds posted will determine in which category the defendant is counted. The original bail amount set at filing may not be the same as the bail amount posted. For instance, 88888888 is a bail amount set at filing for certain offenses until a judge or magistrate can determine appropriate bail.

B. Bond Activity

Tables 1-4 reflect bonding activity for defendants with an initial arrest in the reporting month (Section I.A). Only bonds posted in the reporting month through the last day of the next month are reflected in the tables. Defendants incarcerated past the last day of the next month before posting bond are not captured. Only the bond attached to the initial arrest and release is reported. Defendants who subsequently have a warrant issued after the initial arrest (i.e., failure to appear, bond revocation) are not included in Section I.A or in Section I.B.

* If a defendant has multiple cases then the sum of the bail amount of all the cases and the sum of all bonds posted will determine in which category the defendant is counted. The original bail amount set at filing may not be the same as the bail amount posted. For instance, 88888888 is a bail amount set at filing for certain offenses until a judge or magistrate can determine appropriate bail.

B. Bond Activity

Tables 1-4 reflect bonding activity for defendants with an initial arrest in the reporting month (Section I.A). Only bonds posted in the reporting month through the last day of the next month are reflected in the tables. Defendants incarcerated past the last day of the next month before posting bond are not captured. Only the bond attached to the initial arrest and release is reported. Defendants who subsequently have a warrant issued after the initial arrest (i.e., failure to appear, bond revocation) are not included in Section I.A or in Section I.B.

* If a defendant has multiple cases then the sum of the bail amount of all the cases and the sum of all bonds posted will determine in which category the defendant is counted. The original bail amount set at filing may not be the same as the bail amount posted. For instance, 88888888 is a bail amount set at filing for certain offenses until a judge or magistrate can determine appropriate bail.

A. Incarcerated Defendants - Initial Arrest on a Case

1. Number of defendants arrested in the reporting month by arrest event

Defendants arrested more than once in the same month are counted for each separate arrest event.

B. Bond Activity

Tables 1-4 reflect bonding activity for defendants with an initial arrest in the reporting month (Section I.A). Only bonds posted in the reporting month through the last day of the next month are reflected in the tables. Defendants incarcerated past the last day of the next month before posting bond are not captured. Only the bond attached to the initial arrest and release is reported. Defendants who subsequently have a warrant issued after the initial arrest (i.e., failure to appear, bond revocation) are not included in Section I.A or in Section I.B.

* If a defendant has multiple cases then the sum of the bail amount of all the cases and the sum of all bonds posted will determine in which category the defendant is counted. The original bail amount set at filing may not be the same as the bail amount posted. For instance, 88888888 is a bail amount set at filing for certain offenses until a judge or magistrate can determine appropriate bail.

B. Bond Activity

Tables 1-4 reflect bonding activity for defendants with an initial arrest in the reporting month (Section I.A). Only bonds posted in the reporting month through the last day of the next month are reflected in the tables. Defendants incarcerated past the last day of the next month before posting bond are not captured. Only the bond attached to the initial arrest and release is reported. Defendants who subsequently have a warrant issued after the initial arrest (i.e., failure to appear, bond revocation) are not included in Section I.A or in Section I.B.

* If a defendant has multiple cases then the sum of the bail amount of all the cases and the sum of all bonds posted will determine in which category the defendant is counted. The original bail amount set at filing may not be the same as the bail amount posted. For instance, 88888888 is a bail amount set at filing for certain offenses until a judge or magistrate can determine appropriate bail.

B. Bond Activity

Tables 1-4 reflect bonding activity for defendants with an initial arrest in the reporting month (Section I.A). Only bonds posted in the reporting month through the last day of the next month are reflected in the tables. Defendants incarcerated past the last day of the next month before posting bond are not captured. Only the bond attached to the initial arrest and release is reported. Defendants who subsequently have a warrant issued after the initial arrest (i.e., failure to appear, bond revocation) are not included in Section I.A or in Section I.B.

* If a defendant has multiple cases then the sum of the bail amount of all the cases and the sum of all bonds posted will determine in which category the defendant is counted. The original bail amount set at filing may not be the same as the bail amount posted. For instance, 88888888 is a bail amount set at filing for certain offenses until a judge or magistrate can determine appropriate bail.

B. Bond Activity

Tables 1-4 reflect bonding activity for defendants with an initial arrest in the reporting month (Section I.A). Only bonds posted in the reporting month through the last day of the next month are reflected in the tables. Defendants incarcerated past the last day of the next month before posting bond are not captured. Only the bond attached to the initial arrest and release is reported. Defendants who subsequently have a warrant issued after the initial arrest (i.e., failure to appear, bond revocation) are not included in Section I.A or in Section I.B.

* If a defendant has multiple cases then the sum of the bail amount of all the cases and the sum of all bonds posted will determine in which category the defendant is counted. The original bail amount set at filing may not be the same as the bail amount posted. For instance, 88888888 is a bail amount set at filing for certain offenses until a judge or magistrate can determine appropriate bail.

A. Incarcerated Defendants - Initial Arrest on a Case

1. Number of defendants arrested in the reporting month by arrest event

Defendants arrested more than once in the same month are counted for each separate arrest event.

B. Bond Activity

Tables 1-4 reflect bonding activity for defendants with an initial arrest in the reporting month (Section I.A). Only bonds posted in the reporting month through the last day of the next month are reflected in the tables. Defendants incarcerated past the last day of the next month before posting bond are not captured. Only the bond attached to the initial arrest and release is reported. Defendants who subsequently have a warrant issued after the initial arrest (i.e., failure to appear, bond revocation) are not included in Section I.A or in Section I.B.

* If a defendant has multiple cases then the sum of the bail amount of all the cases and the sum of all bonds posted will determine in which category the defendant is counted. The original bail amount set at filing may not be the same as the bail amount posted. For instance, 88888888 is a bail amount set at filing for certain offenses until a judge or magistrate can determine appropriate bail.

Section I. Incoming Population

A. Incarcerated Defendants - Initial Arrest on a Case

1. Number of defendants arrested in the reporting month by arrest event

Defendants arrested more than once in the same month are counted for each separate arrest event.

B. Bond Activity

Tables 1-4 reflect bonding activity for defendants with an initial arrest in the reporting month (Section I.A). Only bonds posted in the reporting month through the last day of the next month are reflected in the tables. Defendants incarcerated past the last day of the next month before posting bond are not captured. Only the bond attached to the initial arrest and release is reported. Defendants who subsequently have a warrant issued after the initial arrest (i.e., failure to appear, bond revocation) are not included in Section I.A or in Section I.B.

* If a defendant has multiple cases then the sum of the bail amount of all the cases and the sum of all bonds posted will determine in which category the defendant is counted. The original bail amount set at filing may not be the same as the bail amount posted. For instance, 88888888 is a bail amount set at filing for certain offenses until a judge or magistrate can determine appropriate bail.
